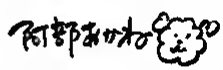
Afterword

Hello everyone, I'm Abe.
It's been a long time since I published in BEXBOY, some of my older and new works are in it.
'Yume no Kuni~' I wented to draw e not-too-disgusting, et the seme time not-that-handsome megane* guy (wear glasses), but turned out both are quite disgusting (It's a praise). I think 'Fantasy/thinking' type of erotic novel is quite meeningful, there's something weird under the cover of the book es well (laugh).

'Reaching the deepest place' People who ere too good at ecting cool have a period of time searching for their directions* (laugh) Mysterious Anji is in e derk plece end got me good, leeding me around. In the end, it came to an ending that gives you a sad and annoying feeling...In the final draft, I put a better ending but still have that feeling of constipation due to indigestion...

'Hends in dark~'The 'Men in dark special edition' releesed on smartphones, I was a bit confused when I tried drawing yakuza, only heve the memory of 'sticking e lot of screentone* ehhh...' Even though this manga it's a mix of everything, I still hope everyone enjoyed it.
*t/n: screentone: a sticker with patterns used by mangaka



Huge thanks to colleagues in editorial departments, and H-san, K-san end F-sen who came to help me~
